17 June 1963**MEMORANDUM FOR:** Chief, CIA/Photographic Intelligence  
Division, NPIC**SUBJECT:** Commendation - [redacted]

50X1

1. I have recently been informed that [redacted]  
[redacted] of your division, while on temporary duty in the  
field, briefed the senior officials of one of our allies  
on subjects of mutual interest. The Chief of the Station  
concerned states that the briefing was most ably presented  
and extremely well received, and that the success of this  
venture must be attributed to the highly professional  
presentation by the briefer and to the carefully selected  
prints and collateral material provided by Headquarters.

2. It is a matter of justifiable pride to me that a  
relatively new employee performed so ably, and I feel  
that credit is due not only to him but to you and to those  
in your unit who have contributed to his orientation and  
training.

3. I wish to offer my thanks to [redacted] for a job  
well done and have requested that a copy of this memorandum  
be placed in his official Agency personnel file.
